Signature

~~I. LASER SHOT TRAINING~~-(revised 11/28/2016)

- ~~A. Laser Shot equipment will be used for training. All training hours on this system will be documented. These hours will be continuous hours of additional firearms training as well as guidelines from the department's use of force policy.~~
- ~~B. Instructors for the Laser Shot training will be certified firearms instructors employed with the Los Lunas Police Department.~~

~~II. LASER SHOT TRAINING PROCEDURES~~ (revised 11/28/2016)

- ~~A. All doors to the training room will remain closed during training.~~
- ~~B. No loaded or unloaded firearms will be allowed in the training room during Laser Shot Training.~~
- ~~C. All firearms and ammo can be downloaded and/or stored in the armory or Sergeant's office prior to training.~~
- ~~D. Digital video scenarios will be given to officer. Officers are expected to verbally interact with the video scenarios and make decisions on the use of force needed to complete scenarios.~~
- ~~E. After each scenario, the instructor will replay the scenario. The Officer will justify their actions during the scenario.~~
